To get this rate, reserve room by **October 17.**

Located: kitty-corner across Cherry St. and 5th St. from the Benton Convention Center.

We have confined our hotel block bookings to downtown hotels that are within a very short drive (or a brisk walk) of the Benton Convention Center. You are not obligated to use these blocks, but please bear in mind that there is ongoing construction on Business-40/US 421 through downtown Winston-Salem. We have no way of knowing at this time exactly where work will be going on as of the Fair weekend. If you reserve rooms at other hotels or airbnbs outside of downtown, bear in mind that google maps or WAZE will probably be your best friend. If it is your first visit to Winston-Salem and you have any questions about where you may or may not want to stay, please feel free to call us.
